**WILL AFFECT MANY MEN.**

Some Stringent Rules Issued by the  
Delaware and Hudson Company.  
On and after tomorrow the trainmen  
of the Delaware and Hudson railroad  
will be governed, when taking orders,  
by a system which is known as the  
"double" system. The Erie has been  
working under this method for some  
time and has found it to be an ad-  
mirable one. Little light could be  
thrown upon the new order by the em-  
ployees, and the officials were rather  
reluctant about it.  
However, it was stated that the new  
rules differ to some extent with the  
ones previously in effect and affect  
more particularly the operators who  
become much more responsible. A little  
book containing the rules of the road  
has been issued by the company and  
every employe is supposed to have one  
in his possession, receiving for the  
same when he gets it. Thus it will  
be known just how the men are act-  
ing.  
Another rule which goes into effect on  
the above date and is of far reaching  
importance is that passenger train employes  
must not use tobacco in any form while  
on duty, and railroads found frequent-  
ly drinking places will be dismissed.  
There are many men in the employ of  
the company in its railroad service who  
are accustomed to using tobacco al-  
most continually, and this is probably  
the most stringent "no-tobacco" rule  
ever given them. The rule referring to  
the "drinking places" speaks for itself.

**HAVE BEEN DISCHARGED**

Aside from Dismissal of Men Who  
Went on Strike There Is Little  
Change in Strike Situation  
at the Mt. Pleasant.

The employees of the Mt. Pleasant  
mine who went out on strike Thurs-  
day refused to return yesterday and  
were discharged by the officials of  
the company. Five miners named  
David Jones, Benjamin Algood, John  
Price, Michael Donohue, James McGil-  
livan were also discharged for refusing  
to do the work of the men who went  
out on Thursday.  
The situation is the same as outlined  
in the Tribune yesterday, with the  
exception of the facts stated above,  
and the company refuses to yield to  
their demands. The colliery will be  
operated as long as there is men at  
work to perform the duties, but if they  
join the strikers the works will be shut  
down.  
Both sides are determined to stand  
by their declarations, and the men will  
either resume their places at the old  
scale of wages and conditions. No  
violence has been offered, and if the  
men prefer to quit their places the  
colliery will be shut down until new  
men can be secured.

A fact which has not been given any  
prominence in connection with the af-  
fair is the agitation among the men of  
organizing themselves under the guid-  
ance of the United Mine Workers' asso-  
ciation, which has been prompted by  
organizer Benjamin James, who is now  
in this district. If this is accomplished  
and the sympathy of the members of  
the union in other collieries a grand  
tie-up is threatened.

**THIRTEENTH WILL  
BREAK CAMP TODAY**

TO LEAVE CAMP M'KENZIE NOT  
LATER THAN 2 P. M.

Last Night in Camp Was a Memor-  
able One That Will Not Be Soon  
Forgotten by the Members of the  
Thirteenth—Many Evidences of  
Good Will on the Part of the Peo-  
ple of Augusta and the Members  
of the Other Regiments—Meeting  
of the Reception Committee.

Today the Thirteenth regiment will  
break camp at Augusta, Ga., after be-  
ing discharged from the United States  
volunteer army, and will start North.  
The regiment left Scranton on April  
27 last, and will arrive here some time  
Sunday night. If schedule time is made  
the regiment will arrive here about 9  
o'clock, but in all probability it will be  
several hours later before it reaches here.  
The following dispatch was re-  
ceived last night by The Tribune from  
its correspondent at Camp Mackenzie:  
"There will be little sleep tonight and  
tomorrow reveille will be sounded at  
6 o'clock in the morning. Camp is pro-  
visioned for the night. The tents are  
left to cover the men for the night.  
Everything will be cleared at 8 o'clock  
and shortly after 9 the three compan-  
ies will begin their work. The regi-  
ment will be paid about noon, and not  
later than 2 o'clock all will be moving.  
"The men will be in three sections. Head-  
quarters, the band and Companies H  
and B will compose the first section;  
companies C, D and G, the second sec-  
tion, and Companies E, F and A, the  
third section. The boys feel as though  
they were cutting themselves away  
from home and old-time friends. They  
will not soon forget the kindnesses and  
the hospitality of the people of Augusta.

**MILES REMEMBERED.**

"This evening the members of the  
band presented a beautiful baton to  
Chief Musician T. H. Miles. It is of  
the finest ebony and tipped with  
silver and bears the inscription: 'Pre-  
sented to T. H. Miles, Chief Musician,  
by the Members of the Thirteenth Regi-  
ment Band.' Musician Sirell made  
the presentation speech. Many of the  
boys were present at the interesting  
ceremony. Shortly after 10 o'clock  
they were cutting themselves away  
from home and old-time friends. They  
will not soon forget the kindnesses and  
the hospitality of the people of Augusta.

**SHANNON IS VERY LOW.**

His Life Hangs in the Balance.  
Was Visited by a "Pal" Yester-  
day—Still Claims He Is  
from Shamokin.

John Shannon, the wounded burglar,  
who is at the Lackawanna hospital,  
may be dead before this is read, as at  
3 o'clock this morning he was just alive  
and according to the physician ad-  
mitted to be in a very bad way. He  
received a restless day yesterday, his  
wound giving much pain and at times  
there were traces of blood in his saliva.  
He talked but little, though visited by  
several persons more or less interest-  
ed in his case. He said he was from  
Shamokin, though Warden Detrick, of  
the Northumberland county jail, who  
was here yesterday on business, stated  
that Shannon had been his guest once  
for thirty days, being committed on a  
charge of vagrancy. Shannon's Shamokin  
dispatch in referring to the shoot-  
ing, says that the several families  
of Shannon residing there had no mem-  
ber away, and so far as they knew no  
relative of theirs would answer the  
wounded man's description.  
Yesterday was a victory day at the  
hospital and Shannon had two, a young  
man and a young woman. The former  
strongly indicated by his actions that  
he knew the injured man. He only  
remained about three minutes, but dur-  
ing that time asked two questions that  
seemed pertinent. "How do you feel?"  
and "Do you know the county de-  
tective at Northumberland?" The men  
whispered together, but Shannon would  
only tell the above mentioned ques-  
tions. The visit was made about 2 1/2  
o'clock. The fellow answers very well  
the description of Henninger, his "pal"  
on Tuesday morning, given in the Tri-  
bune Thursday morning, except that  
there was evidently an attempt at dis-  
guise in the clothing and he wore a  
deity hat of old style, yet apparently  
new. He would watch fearfully every  
person who came near him.  
The young woman, who refused to  
give her name, said she resided here,  
but had relatives of the name of Sha-  
non in Shamokin and new many rela-  
tives. She simply glanced at the  
patient and then went away saying  
"I ain't him."  
Chief of Police Gurrell and Sergeant  
Charles Hildgeway called at the hospi-  
tal last night about 8 o'clock, but the  
officials deemed it advisable not to al-  
low anyone to see Shannon, owing to  
the change which had set in about 4  
p. m. for the worse.

**EXCEPTIONS TO THE LICENSE.**

Filed by Adam Maechel Against  
Joseph Flesher.  
Exceptions to the granting of a hotel  
license to Joseph Flesher, of Troop,  
were filed with Clerk of the Courts  
Thursday yesterday, by Adam Maechel,  
through Attorney C. H. Soper. Yes-  
terday was the last day for filing ex-  
ceptions.  
It is set forth that the building is  
not designed for hotel purposes and  
contains neither beds nor bedrooms.  
A grocery store is conducted by Flesher  
in the same building as the hotel and  
there is a billiard table in the bar-  
room, where boys are allowed to play.  
Another charge made against Flesher's  
place is that "lewd men and women  
frequent the place for assignation and  
other immoral purposes."

Business That Was Transacted Yes-  
terday Afternoon.  
There was a meeting in the board of  
trade rooms yesterday afternoon of the  
general committee that is in charge of  
the reception for the Thirteenth regi-  
ment. Captain W. A. May presided,  
and the other members present were  
Colonel J. A. Watters, Colonel F. L.  
Hitchcock, Colonel George M. Hall-  
stead, Frank Vandling, Arthur Keller,  
C. E. Daniels, Dolph B. Atherton, A.  
P. Bedford and W. S. Millar. Colonel  
C. Bow Dougherty, of the Ninth regi-  
ment, who was in the city yesterday,  
was present by request of the com-  
mittee.  
An invitation was extended to the  
Ninth regiment to come to this city  
and participate in the parade which  
will be a feature of the demonstration

**MR. TRUESDALE'S TRAVELS.**

Went Over the Bloom Division and  
Inspected the Shops.

President W. H. Truesdale, of the  
Delaware, Lackawanna and Western  
company, will return to New York to-  
day, after his four-day tour of inspec-  
tion over the company's extensive lines.  
Yesterday morning he went over the  
"Bloom" division, stopping at Kings-  
ton to glance over the yards and shops  
and returning to this city at 2 o'clock.  
The early part of the afternoon was  
spent in a visit to the car shops and  
locomotive works. Afterwards he  
spent an hour or so in the depot offices.  
Last evening was also spent at the  
depot in conference with the heads of  
the different departments.

**DEATH OF CHARLES BENNETT.**

Coroner's Jury Inquired Into the  
Cause of It.  
The coroner's jury in the case of  
Charles Bennett, the blind man, who  
was found unconscious in his home in  
Aswell court several weeks ago and  
died shortly afterwards, met in the  
West Scranton police station last evening  
and heard testimony in the case.  
Coroner's Roberts conducted the in-  
quest.  
After hearing a mass of testimony  
the following verdict was rendered:  
"We, the undersigned jurors, render  
a verdict to the effect that the said  
Charles Bennett came to his death by  
accident, unknown to the jurors, and  
that according to the testimony ad-  
duced from several sworn witnesses,  
we are convinced that no violence was  
committed."  
Signed, W. W. Jones, John Flama-  
ghan, T. T. Morgan, Clare Storm, Reese  
Morgan and Patrick Taylor.

**AMENDMENTS TO  
THE CITY CHARTER**

SYNOPSIS OF THE BILL NOW BE-  
FORE THE LEGISLATURE.

Provides That a Mayor Can Suspend  
a Police Officer for Thirty Days  
Without Pay at His Own Discre-  
tion—In Making Foot-Front  
Assessments Equitable Allowances  
Can Be Made for Irregular-Shaped  
Lots—Other Changes.

The act now before the legislature at  
Harrisburg amending the Act of 1889,  
governing third-class cities, will, if  
adopted, straighten out the many  
snarls which now cause bother to  
municipal legislators.  
Section 2 is amended so that general  
appropriation bills are excepted from  
the bills that can not have more than  
one subject expressed in its title.  
Section 6 is amended by adding a  
provision that all sales of personal  
property owned by the city shall be to  
the highest responsible bidder.  
Clause 10 of Section 3, providing for  
grading and paving, is amended by  
making it conform to the Act of 1895 in  
changing the vote necessary to order  
the work with petition from the prop-  
erty holders from two-thirds to three-  
fourths and by also adding the follow-  
ing clause: "Provided, however, that  
in assessment according to foot front  
rule, councils may provide for an equi-  
table reduction, not exceeding one-third,  
from the frontage of lots at streets  
and other intersections where from  
their peculiar or pointed shape, an as-  
sessment for the full frontage would  
be inequitable."  
Clause 13 of the same section at pre-  
sent reads: "No two persons from the  
same ward shall serve on any board  
at the same time." It is proposed to  
change it to read: "No two persons  
from the same ward shall serve on the  
same board at the same time."  
FOR WILLIAMSPORT.  
Clause 23, dealing with a city's power  
to regulate water courses, is to be en-  
larged so that the city can have power  
to proceed at law or in equity to re-  
move encroachments on streams pass-  
ing through or along the boundaries of  
a city when said encroachments  
threaten injury to the city. This clause  
is particular for the benefit of Will-  
iamsport. That city wants authority to  
go beyond the city limits and regulate  
the building of log dams so as to pre-  
vent the floods which now so frequently  
cause trouble there.  
An amendment is proposed to Sec-  
tion 11, which will do away with an  
ambiguous clause that has caused no  
end of bother all over the state. It  
refers to joint conventions of councils.  
The clause at present reads: "A ma-  
jority of each branch shall be neces-  
sary to the decision of any question."  
It is proposed to change it to read:  
"The votes of a majority of THOSE  
PRESENT of each branch in its favor  
shall be necessary to the adoption of  
any motion or resolution."  
Section 1 of Article 7, pertaining to  
the duties and powers of the mayor,  
contains a clause which reads: "He  
shall have authority upon occasions of  
threatened public disorder to require  
and enforce the closing up of bars or  
any establishments in which liquors  
are sold." It is proposed to change it  
to read: "To require and enforce the  
closing up of bars and to suspend in  
all places the sale of liquors." The  
purpose in this is to limit the author-  
ity of the mayor so that he can only  
close up the barroom of a hotel and not  
the whole hotel.  
POLICE APPOINTMENTS.  
Section 4 of the same act prescrib-  
ing the manner of appointing police  
officers is enlarged by the new act by  
the insertion of the following: "And  
(the mayor) may in his discretion  
(without the advice or consent of select  
council) suspend any policeman for a  
period, not exceeding thirty days with-  
out pay. Policemen shall serve during  
good behavior or until suspended or  
dismissed, as provided by this act."  
It also empowers the mayor to ap-  
point substitutes for a period not ex-  
ceeding ten days. A clause is also  
added empowering the mayor to depose  
the chief of police at any time and  
designate another to fill his place.  
This power is not expressed in the  
original act.  
In section 5, where it reads: "It shall  
be the duty of the controller to certify  
contracts for the payment of which  
sufficient appropriations have been  
made," the new act makes this addi-  
tion: "Provided, however, that this  
section shall not apply to contracts for  
public improvements, heretofore or  
hereafter made, the cost of which has  
been or shall be assessed in whole or  
in part upon the properties abutting  
thereon, except as to that part of  
the cost of such improvements as is  
or has been directed to be paid out  
of an appropriation from the city  
treasury." This protects the controller  
and his sureties from being charged  
with assessments that property hold-  
ers may default in making the con-  
tractions.

**DEDICATED TO THIRTEENTH.**

"Mustered Out," the Joint Work of  
Talented Young Women.

"Mustered Out" is the title of a song  
that will be issued today by Finn &  
Phillips, which is dedicated to the  
Thirteenth regiment. It is described as  
a gem by those who have heard it.  
The words were written by Miss  
Agnes Callahan, of Vine street, and  
they were set to music by Miss Teresa  
C. Loftus, of Green Ridge, a talented  
musician.  
It is probable that the song will be  
sung by Will F. Burke at the recep-  
tion in the Lyceum on the evening of  
March 23.
